## Shahid Beheshti University of Medical Sciences

## Our History

Shahid Beheshti University of Medical Sciences is one of the three medical universities in Tehran, the capital of Iran. It began its mission in 1961 with establishing the Schools of Medicine and Dentistry as Melli University (National University). Since 1986 It's name has been changed to Shahid Beheshti University of Medical Sciences.

### Type of Degree or Program:

| General Physician (medicine, dentistry, and pharmacy) | Sub-specialty | BSc              |
|-------------------------------------------------------|---------------|------------------|
| 3                                                     | 26            | 20               |
| Ph.D                                                  | Fellowship    | Associate's      |
| 49                                                    | 48            | 2                |
| Specialty                                             | MSc           | Ph.D by research |
| 35                                                    | 47            | 19               |

The university is publicly-funded and its fundamental cornerstones include the Board of Trustees, chancellor, and the University Council. Furthermore, 8 vice-chancellors in Academic & Education, Research, Health, International, Treatment, Food & Drug, logistics, and Students' affairs are the main wings of the university in fulfilling its tasks.

### Who We Are?

There are 12 schools at SBUMS with a wide range of educational, lab and research facilities along with large number of academics including professors, associate professors, assistant professors and instructors, all responsible for educating the student in different medical fields.
