Purpose

This LOI is established to reinforce the willingness of both parties to collaborate with each other on defined activities, described in article 1, 2 and 3

Terms

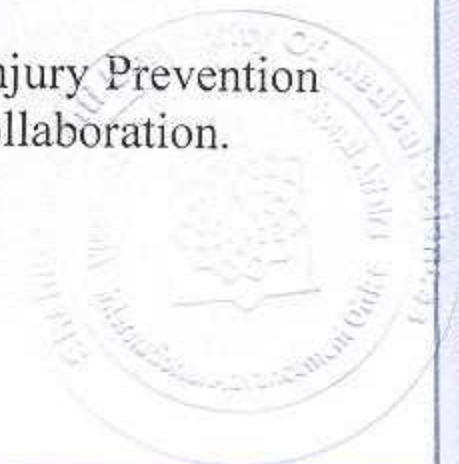

The Parties hereby agree to the range of collaborations as follows:

Article 1: SBMU School of Medicine and Educational Hospitals will organize meeting, to introduce MSF and its activities to physicians and university students in the middle of the academic term 2015.

Article 2: SBMU will inform MSF when they organize courses for physicians, nurses, midwives or any other medical staff, in order for MSF to propose some trainee's applications for the courses. SBMU is open to receive trainees from the neighboring Persian speaking countries (Tajikistan, Afghanistan) where MSF is operating some programs. SBMU should inform MSF enough in advance so that MSF organize its work and administrative procedures accordingly. In case MSF propose to some Tajik and Afghani colleagues to attend the courses, SBMU will help to facilitate the administrative procedures.

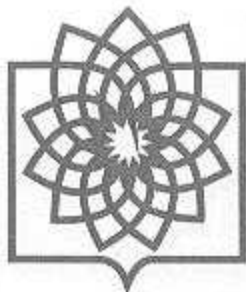

Article 3: Possibility of collaboration with MSF in admission of PhD students being introduced by MSF in some specialized majors including Injury Epidemiology.

Article 4: Possibility of collaboration between SBUMS 's Safety Promotion & Injury Prevention research center and MSF on the dimensions of scientific (training and research) collaboration.
